

# CHECK OUT YOUR FREE MEMBER BENEFITS!

This interactive market analytics tool changes the way real estate pros use and share housing information. From area comparisons to customizable variables to trend analysis, you'll love the simplicity of InfoSparks!

## Compare

Compare up to four areas by many housing variables and market metrics at once.

## Define

Define each variable category for all types, in selectable groups or singularly.

## Analyze

Quickly scroll through important market metrics for your defined areas.

## Share

Share live charts and snapshots of the market, or download raw data to make your own charts.

InfoSparks is located in Paragon, under "Resources"  "MarketStats"
